I do apologize. I signed onto a group email and was actually unaware of who was all going to receive it. That's my fault. I shouldn't have been so quick to sign on to the cause.

Take care.

good evening,

I am quite offended that you did not take the time to look up who supported this motion and who did not.

I have been answering e-mails since 5 am. I have been very vocal in my anger and was on the radio this morning with John Gormely.

I look forward to your reply and apology

Re: Support Saskatchewan families

Dear Councillor Shaw,

I am writing today to express my extreme disappointment regarding the decision of 7 councillors to include Canadian natural gas and oil producers on the same list as firearms manufacturers, tobacco companies and pornographers by prohibiting them from supporting any City of Regina events, sponsorships or naming opportunities.

This is a short-sighted decision that casts aspersions the thousands of Regina and Saskatchewan residents who earn the incomes in the natural resource industry. The refinery alone employs thousands. Billions of dollars in economic activity are generated every year in Saskatchewan. This helps funds our schools, hospitals and roads. All services we rely on in Regina every day.

So I am asking you to reserve course on your decision, to remove Canada's natural gas and oil companies from this list and stand up in support of one of our most important sectors.

I await your response.

Best Regards,

Sincerely,
