**Subject:** [External email] Vote to support Oil and Gas families  
**Date:** Tuesday, January 26, 2021 8:34:23 AM

---

Dear Member of Regina City Council,

On Wednesday, January 27, you will be holding a vote to ban advertising from the oil and gas sector with the city of Regina.

I urge you to vote against this motion.

For your information, councillor, the oil and gas industry directly and indirectly employs more than 30,000 Saskatchewanians and pumps billions of dollars into the provincial economy. It puts food on the table for thousands of Saskatchewan families and pays billions in royalties to the government which is then used to do things like hire teachers and nurses or build schools and hospitals.

So, please vote NO and support an important part of Regina's community and economy.

Thanks in advance,

28(1)
