Categories: Oil and Gas

Hi Terina,

Thank you so much for getting back to me with an update, that is great news, my wife heard you on the Gormley show and was very impressed with you.

Thanks again for looking after the citizens of Regina.

Subject: My deepest apologies

Good morning,

I am happy to say Councillor Mohl and Councillor Mancinelli have publicly announced they will be changing their vote.

I was very vocal about my anger towards this motion. Myself and Mayor Masters both spoke on the John Gormley show. I have the utmost respect for the men and women who work so hard to keep us warm. The oil and gas companies are only providing a service we have asked for.

When I decided to run, my decision was based on my confidence to be a strong representative for my Ward and the city.

I am hopeful that the back lash city councillors have received will ensure decisions from now on will be decision that are made with community engagement and what is best for our city.

I am not sure what to say regarding your councillor.

My leadership is based on integrity, honesty and leading by example. I also believe decisions are not mine alone, I believe we need to do what is best for our Ward and our city.

Happy Sunday

Terina Shaw
Councillor Ward 7
City of Regina
