Dear mayor. First of all congratulations on being Regina's new mayor. My name is 28(1). In light of the recent motion brought forth by council to make energy sector the " devil: , ( which i think is crazy here in western canada) 28(1) have made a desicion. We will no longer support Regina, and will move all our sport, culture, shopping, hotel, business meetings to either Moose Jaw or Saskatoon. This desicion has shocked shocked us. Either myself, family owners, or our employees ( and talked to many of our customers) will not make noise on social media, or beg to have this overturned. I ( we) feel its just so insane its just easier to pick up the pieces and move our dollars elsewhere. The only thing we may miss out on is a Rider game, but if we go...no hotel, no food, pack a sandwich and a bottle of water, watch game...go home. All other events we attend will be else where.

Regina was good to us in the past, and we will miss Regina, but look forward to new experiences else where.

Hi Mayor,

I just wanted to tell you to please not let Premier Moe bully the city of Regina. I don't care either way if the motion passes or not, but it does a great disservice to you and the rest of city council to have someone not only tell you what to do but then to threaten you. If you could please gently remind the Premier at the next council meeting that bullying and threats are never tolerated and that intelligent discourse sometimes requires opening up to opposing ideas.

Thanks,

28(1)
