Subject: Contact Us - City of Regina

SR 1717948 has been forwarded to Roadways Preservation for response.

Type of Request:	Contact City Employee
Description of Request:	<p>to Mayor Fougere, 1st off...what a dismal turnout for the election. I would be embarrassed to think that I had won the election when in fact the apathetic population of Regina ...knows more about the U.S.A. election than about their local election! Sad but true! Not a single candidate knocked on my door this election..I visited online info to determine who to vote for this time and only 20% turned out that is awful.</p> <p>Two years ago we had our streets redone...at a high \$dollar cost to us. Now the School buses and delivery folks all use our street because Chisholm is in such horrible need of repair...I challenge both you and Councilor Young to drive down Chisholm and 100 block of Mckee and numerous other side streets and experience the embarrassment of our infrastructure...I ask but highly doubt you will do so?</p>
Would you like a reply?	Yes
