Hi. There appears to be a growing number of media wanting to speak with me, largely on similar issues. I have just spoken with 2 reporters from the LP for about 10 minutes in total.

Any thought about holding a scrum and doing this "once"?

Hi Jim,
CBC is looking to speak to you as well on voter turnout

Hi Desirae, I'd like to interview someone from the city regarding voting. With a focus on low turnout and potential changes in the future. Let me know who is best placed to do that. It would be on camera and take about 10 minutes. Preferably sooner rather than later,

On another note, my colleague is looking a voter breakdown by polling station. For example, how many people voted for a specific at a poll and that poll's address.

Last one. We understand that some residents in north central needed to bus to a poll in Eastview. We'd like to ask if there is a plan to fix that given the low turnout there.
