Hi Danielle,

Do you have the latest sweep schedule? Thanks, Kym

Thanks Bonnie!

On a day like today we would continue to sweep as it is just moisture but as soon as we start to accumulate snow and the temperatures drop more than -3°C we would call the sweep for that day.

Hey Danielle... my colleague Kym Bourdin is working on Fall Street Sweeping this year. I've shared the PSA with her for review.

I was asked this morning – do we still street sweep if there is snow?

Thanks.

I found last year's PSA and I have attached it to this email with the necessary changes.

Hi Bonnie,

We have to confirm with Water and Sewer on the actual dates and 16(1)(b) but if it is a go again it will run from Oct. 17 thru Oct. 30.

I'll let you know for sure very soon!

Hi... just wondering if there are any tentative dates for fall street sweeping that I can put in the calendar?

Thanks.
