Attention: Mr. D. Hunter

Dear Sir:

Subject: Community Garden Plots - Wascana Centre

The agreement dated June 15, 1983, and extended by agreement between the University of Regina and the City of Regina relative to the referenced, has a terminal date of March 31, 1985. We now wonder if it is the intent of the City of Regina to proceed with this venture next year or in any future years? If it is the City's intent to make this facility available to the public in the future would you please advise the Authority as to the extension of time which is required as well as any other changes to the lease which might be required.

We are prepared to consult with the University on any matters which are relevant to any extension of this lease.

Yours truly,

J.B. Paterson
Director of Maintenance
and Development

Dear Mr. Paterson:

Re: Community Garden Plots - Wascana Centre

The Parks and Recreation Department is very pleased with the community gardens program and would like to have the facility operated in the future. We would suggest a three to five year extension to the agreement. This would, of course, be subject to an appropriate cancellation clause if the University or Wascana Centre developed alternative plans for use of this area. The longer term agreement would simply alleviate the parties having to review the agreement each year.

We appreciate your offer to consult with the University to discuss an extension of the lease and look forward to hearing from you with regard to the resolution.

Yours truly,

D.N.
Don Hunter,
Manager of Recreation Services.

Re: Cathedral Community Garden Plot.

In the past years, the Parks and Recreation Department has roto-tilled the garden plots on Arthur Street and 13th Avenue as a service to the Community Association. All charges for this service were paid for by the Cathedral Area Recreation Committee.

I wish to request your assistance again this year in preparing this soil for community gardens by roto-tilling as soon as possible. The bill for service should be sent to Donna Schindel, 2900 - 13th Avenue.

Further information can be obtained by calling Mrs. Iva Keck 28(1). Your cooperation is greatly appreciated.

Enclosing herewith your official receipt and plot number in the South Zone Community Garden located immediately behind the fire-hall on Grant Road. Plots are all individually numbered in four rows of 10 each from right to left walking towards gardens from fire-hall. We are not permitted to use fire-hall parking lot or the fire-hall washroom facilities. We are also not permitted to park around the actual garden plots. However, we do have permission to drive in as close to our plot as possible to drop off garden tools, fertilizer, peat moss or any other bulky, awkward articles necessary.

Please remember that everyone is responsible to keep the weeds down - not only on your garden plot, but also in the corridors in the immediate vicinity of your plot. Please remove any trash such as paper, cans, etc. and place these on two piles on the outside of plots 5 and 35. Wascana Authority truck will pick these up. There were a considerable number of broken bottles laying around this spring which I have personally picked up. Please keep an eye open for this sort of thing for our own protection.

The water should be turned on by the time this letter reaches you. Last year we ran into a few cases where people had forgotten to turn off the water after watering and several plots were covered the next day. Let's be careful with this.

At the last zone meeting, the South Zone approved \$50.00 for prizes for the best and cleanest well-kept gardens which includes areas adjoining your plot. These will be judged independently by the Head Gardeners of the City Parks and Recreation Department and Wascana Authority.

The soil is in much better condition this year compared to the last year and provided we do not have a reoccurrence of last year's unusual flood conditions, we should all have an enjoyable gardening season. 28(1)

Your File 824.81 - RGT

We are in receipt of your letter dated January 17, 1984 relative to the referenced and are in agreement that the governing agreement dated June 1, 1983, was drafted to speak to subsequent lease years with the necessary approvals being granted by the Lessor and the Authority. The Lessor and the Authority having granted such approval through letters dated November 21, 1983 and November 25, 1983 respectively have caused the lease to have a term of one year commencing April 1, 1984.

We will be dealing directly with Parks and Recreation relative to maintenance matters on this site.

Your letter dated November 25, 1983, has recently been brought to my attention.

We thank you for your approval of a one year extension to the Garden lease. The governing agreement dated June 1, 1983, was drafted to speak to subsequent lease years upon necessary approvals being granted by the Lessor and the Authority. We do not therefore propose to draft new documentation for the current year, unless specifically instructed to do so by your office.

The writer may be contacted at 569-7474.

Best wishes for the new year.

Yours truly,
