Subject: RE: Stakeholder and BeHeard drafted emails

I'm wondering if we need to say that next steps will include further site analysis?

Subject: Stakeholder and BeHeard drafted emails

Hey Team, I drafted suggested emails below for tomorrow morning and afternoon respectively, feel free to tweak (note these would not require higher level approval).

Stakeholders Email:

Good morning,

Thank you for your interest and participation in the New Indoor Aquatics Facility Feasibility Study.

The study is now complete and the report is going to Executive Committee of Council on July 6 and City Council on July 13. You are on our Interested Parties list and can expect to receive a copy of the report from City Clerks this afternoon.

If you are available, we would love to have your support as a delegation, or if you are unavailable, a written submission would be great as well. For more information on how to appear before Council, [click here](#). The deadline is 1 p.m. on the Thursday prior to the scheduled meeting.

If the recommendations are approved by Council, we will continue to work on the planning and design of the facility. Next steps will include further collaboration with you, our stakeholders and the public, to realize the vision of an inclusive, sustainable and accessible community destination that serves Regina residents and visitors for generations to come.

Once again, thank you for your input and ideas. If you have questions or concerns in advance of the meeting please, let us know.

Best regards,
The Indoor Aquatics Facility Project Team

BeHeard Email:

Good morning,

Thank you for your interest and participation in the New Indoor Aquatics Facility Feasibility Study.

The study is now complete and the report is going to Executive Committee of Council on July 6 and City Council on July 13. You can find a link to the report [here](#).

If the recommendations are approved by Council, we will continue to work on the planning and design of the facility. Next steps will include further collaboration with our stakeholders and the public, to realize the vision of an inclusive, sustainable and accessible community destination that serves Regina residents and visitors for generations to come.

Best regards,
The Indoor Aquatics Facility Project Team
