Dear Mayor Masters,

Please find enclosed a petition of concerned Regina and Saskatchewan citizens calling on Regina City Council to reject the recommendation banning oil and gas producers from sponsoring or advertising with the City of Regina. I have also enclosed the results of a poll I conducted on Facebook showing overwhelming opposition to this proposal.

I regret that I am unable to present this petition in person at the city council meeting on January 27 so I could thank you and councillors Findura, Bresciani, and Shaw personally for voting against this insulting proposal.

Sincerely,

Andrew Scheer, MP

QUICK SURVEY TIME! Some Regina City councillors want to ban energy companies from sponsoring municipal events and buildings.

This will put oil and gas companies in the same category as tobacco companies. I believe the vast majority of the people in Regina think this idea is stupid and an insult to the hard-working men and women at places like Evraz and the Co-op refinery.

I believe that Saskatchewanians appreciate our oil and gas sector, and want more Canadian oil and less imported oil in our country. But clearly, some disagree with me. A University of Regina Professor defended the idea. Where do you stand? Please LIKE and SHARE this post so more people see and participate in the survey.

Question: Do you agree with the motion to ban oil and gas companies from sponsoring events in Regina?

Feel free to leave a comment explaining your position.

I support
this ban!

I oppose
this ban!

99%

I SUPPORT the ban

I OPPOSE the ban

PETITION: WE SUPPORT SASKATCHEWAN ENERGY WORKERS

WHEREAS Regina City Council's Executive Committee has passed a motion that would restrict energy companies from sponsoring or advertising with the City of Regina;

WHEREAS if this motion were to be adopted by the City of Regina it would do absolutely nothing to reduce emissions of greenhouse gases;

WHEREAS many people in Regina work in, and many small businesses depend on, the oil and gas industry;

AND WHEREAS this motion is a hypocritical attack on the thousands of struggling workers in Regina and across Saskatchewan who depend on the oil and gas industry for their livelihoods;

THEREFORE, WE THE UNDERSIGNED call on all Regina city councilors to reject this motion when it is brought forward at the next meeting of the full Regina City Council.
